COMMENTS (Number each comment to show from whom to whom. Draw a line across column after each comment.)

1. Director of Logistics 2C02 [redacted]

9 JAN 1980

110

The attached request for Delegation of Authority dated 21 December for installation of heat pumps [redacted] has been reviewed by RECD engineers and is considered to be a worthwhile project. The aging factor of the existing heat systems coupled with the absence of air conditioning makes this a good improvement to [redacted] as well as being cost effective in saving energy. RECD recommends D/L approval of this request for Delegation of Authority.
